TITLE 9. REHABILITATIVE AND DEVELOPMENTAL SERVICES
DIVISION 1. DEPARTMENT OF MENTAL HEALTH
CHAPTER 3.5. **MENTAL HEALTH REHABILITATION CENTERS**
ARTICLE 5. BASIC SERVICES

§ 785.15. Nursing Service—Staff.

(a) Nursing service staff shall be employed, present in the mental health rehabilitation center, awake and on duty in at least the number and with the qualifications determined by the Department to provide the necessary nursing services for clients admitted for care.

(1) Each mental health rehabilitation center shall provide for the full time equivalent of nursing staff for the provision of nursing services, as follows:

(A) At a minimum, one licensed nursing staff awake and on duty in the mental health rehabilitation center, at all times, day and night.

(B) For mental health rehabilitation centers of 42 beds or more, 0.6 hours of licensed nursing staff and 0.6 hours of unlicensed staff hours for each client during each 24-hour period, on a seven day (weekly) basis.

(C) For mental health rehabilitation centers with 41 beds or less, the number of licensed nursing staff and unlicensed nursing staff hours for each client shall be provided as specified in (a)(1)(A) above.

(b) Nursing service charge staff on all shifts shall have at least one year of experience or training related to mental health rehabilitation programs, or shall participate in in-service training provided by the facility.

(c) A licensed psychiatric technician may:

(1) Serve as a charge nurse.

(2) Administer medications in a mental health rehabilitation program.

TITLE 22. SOCIAL SECURITY
Division 5. Licensing and Certification of Health Facilities,
Home Health Agencies, Clinics, and Referral Agencies

Chapter 1. General Acute Care Hospitals
Article 3. Basic Services

§ 70217. Nursing Service Staff.

(a) Hospitals shall provide staffing by licensed nurses, within the scope of their licensure in accordance with the following nurse-to-patient ratios. Licensed nurse means a registered nurse, licensed vocational nurse and, in psychiatric units only, a licensed psychiatric technician. Staffing for care not requiring a licensed nurse is not included within these ratios and shall be determined pursuant to the patient classification system.

No hospital shall assign a licensed nurse to a nursing unit or clinical area unless that hospital determines that the licensed nurse has demonstrated current competence in providing care in that area, and has also received orientation to that hospital's clinical area sufficient to provide competent care to patients in that area. The policies and procedures of the hospital shall contain the hospital's criteria for making this determination.

Licensed nurse-to-patient ratios represent the maximum number of patients that shall be assigned to one licensed nurse at any one time. "Assigned" means the licensed nurse has responsibility for the provision of care to a particular patient within his/her scope of practice. There shall be no averaging of the number of patients and the total number of licensed nurses on the unit during any one shift nor over any period of time. Only licensed nurses providing direct patient care shall be included in the ratios.

Nurse Administrators, Nurse Supervisors, Nurse Managers, and Charge Nurses, and other licensed nurses shall be included in the calculation of the licensed nurse-to-patient ratio only when those licensed nurses are engaged in providing direct patient care. When a Nurse Administrator, Nurse Supervisor, Nurse Manager, Charge Nurse or other licensed nurse is engaged in activities other than direct patient care, that nurse shall not be included in the ratio. Nurse Administrators, Nurse Supervisors, Nurse

STAFFING RATIOS

Managers, and Charge Nurses who have demonstrated current competence to the hospital in providing care on a particular unit may relieve licensed nurses during breaks, meals, and other routine, expected absences from the unit.

Licensed nurses shall be included in the calculation of the nurse-to-patient ratio only when the licensed nurse has a patient care assignment, is present on the unit, and is not on a meal break or other statutorily-mandated work break.

Licensed vocational nurses may constitute up to 50 percent of the licensed nurses assigned to patient care on any unit, except where registered nurses are required pursuant to the patient classification system or this section. Only registered nurses shall be assigned to Intensive Care Newborn Nursery Service Units, which specifically require one registered nurse to two or fewer infants. In the Emergency Department, only registered nurses shall be assigned to triage patients and only registered nurses shall be assigned to critical trauma patients.

Nothing in this section shall prohibit a licensed nurse from assisting with specific tasks within the scope of his or her practice for a patient assigned to another nurse. "Assist" means that licensed nurses may provide patient care beyond their patient assignments if the tasks performed are specific and time-limited...

(13) The licensed nurse-to-patient ratio in a psychiatric unit shall be 1:6 or fewer at all times. For purposes of psychiatric units only, "licensed nurses" also includes licensed psychiatric technicians in addition to licensed vocational nurses and registered nurses. Licensed vocational nurses, licensed psychiatric technicians, or a combination of both, shall not exceed 50 percent of the licensed nurses on the unit...

Authority cited: Sections 1275, 1276.4 and 100275(a), Health and Safety Code.

Reference: Sections 1250(a), 1276, 1276.4, 1797.58 and 1790.160, Health and Safety Code.

Chapter 9. Psychiatric Health Facilities Article 3. Services

§ 77061. Staffing.

(a) The facility shall have a clinical director who shall be a licensed mental health professional and qualified in accordance with Section 77093 of these regulations.

(b) The clinical director may also serve as the administrator.

(c) The clinical director shall designate a clinical psychologist or psychiatrist to review and approve interdisciplinary treatment plans.

(d) A physician shall be on-call at all times for the provision of physical health care and those services which can only be provided by a physician. The person in charge of patient care services on each shift shall be provided with the name(s) and means of locating and contacting the available physician. Patients requiring general acute physical health care shall be diverted from admission or transferred to a general acute care hospital. An individual patient may be admitted to a psychiatric health facility if the individual's physical health care could otherwise be managed on an outpatient basis.

(e) If the clinical director is not a physician, responsibility for those aspects of an individual treatment plan which may only be performed by a physician, shall be assumed by a physician.

(f) During the absence of any staff required in subsection (h)(1) below there shall be a substitute person with the required qualifications to provide the number of hours of services required.

(g) Community practitioners who are approved to admit and/or attend patients in the facility may be calculated as part of the staffing pattern only if they are retained by written contract to provide services for a specified number of hours to the patients at the facility.

(h) Each facility shall meet the following full-time equivalent staff to census ratio, in a 24 hour period:

(1) Inpatient Census: 1-10 11-20 21-30 31-40 41-50 51-60 61-70 71-80 81-90 91-100

(2) For facilities in excess of 100 beds, staffing shall be provided in the ratios as in (1) above.

(3) A registered nurse shall be employed 40 hours per week.

(4) There shall be a registered nurse, a licensed vocational nurse, or a psychiatric technician awake and on duty in the facility at all times.

(i) The required staffing ratio shall be calculated based upon the inpatient census and shall provide services only to psychiatric health facility patients.

(j) Regardless of the minimum staffing required in subsection (h)(1) above, the facility shall employ professional and other staff on all shifts in the number and with the qualifications to provide the necessary services for those patients admitted for care.
